Summary

Skilled Developer with a strong portfolio of dynamic websites. Proficient in Git, Firebase, MERN, Figma, React and MySQL.

Work Experience

Web Developer, Ecell IIT Roorkee Club, India

October 2023 - Present

I helped in creating the Esummit IITR website. I worked with a team to design and build the site, making sure it looked good and worked well on computers and phones. My job was to add features and make sure everything ran smoothly. It was great to see the website go live and help make the Esummit event a success.

Web Developer, Hostel Council IIT Roorkee, India

March 2024 - Present

I'm currently part of the team working on the SAC website project. My role involves improving the website to make it more user-friendly and informative. I collaborate with my team to add new features and ensure that everything looks good and works smoothly. It's exciting to be a part of this project and contribute to creating a better online experience for our users

Contributer, GSSOC, India

March 2024 - Present

As a contributor to GirlScript Summer of Code (GSSoC), I've had the rewarding experience of enhancing my coding skills while collaborating on meaningful open-source projects. GSSoC provided a platform to work on diverse projects, allowing me to write code, fix bugs, and improve documentation.
