Internships

Full stack developer | Ryzen Tech   May 2024 - Present

- As a Full Stack Developer at Ryzen Tech, I build and maintain web applications using technologies like React, Node.js, and MongoDB. I collaborate with teams to deliver scalable, high-quality solutions that enhance user experience and meet client needs.

Full stack developer | EazePlace   June 2024 - Present

- I'm a Full Stack Developer at Ryzen Tech, where I build and improve web applications. I work with tools like React, Node.js, and MongoDB to create solutions that are both efficient and user-friendly. I love collaborating with my team and tackling new challenges, always aiming to make our products better for everyone.

Projects

E-summit events page prototype | E-Cell IIT Roorkee   June 2024 - Present

- I helped in creating the Esummit IITR website. I worked
- with a team to design and build the site, making sure it looked good
- and worked well on computers and phones. My job was to add
- features and make sure everything ran smoothly. It was
- great to see the website go live and help make the
- Esummit event a success.

SAC Website IIT Roorkee | Hostel Council IIT Roorkee   May 2024 - Present

- I'm currently part of the team working on the SAC website
- project. My role involves improving the website to make it more userfriendly and informative. I collaborate with my team to add new
- features and ensure that everything looks good and works smoothly.
- It's exciting to be a part of this project and contribute to creating a
- better online experience for our users

Awards / Scholarships / Academic Achievements

- PNB Quiz Medal
- Vidyamandir Classes Scholarship

Skills

Computer languages   Python, C++, Java, Js and SQL

Positions of Responsibility & Extra Curriculars

Web Developer | Hostel Council IIT Roorkee   March 2024 - Present

- As a Web Developer at the Hostel Council, IIT Roorkee, my job is to make hostel life easier through technology. I work on creating and maintaining our hostel's online platforms using tools like HTML, CSS, and JavaScript. Whether it's updating event schedules, improving user interfaces, or fixing bugs, I'm here to ensure that our hostel community has a smooth online experience. Got ideas or feedback? Feel free to reach out I'm all ears!

Web Developer | E-Cell IIT Roorkee   March 2024 - Present

- I'm a Web Developer at E-cell IIT Roorkee, where I create and maintain our online platforms. Using tools like HTML, CSS, JavaScript, and frameworks like React, I ensure our websites are user-friendly and efficient. I enjoy working with my team, solving problems, and continuously improving our digital presence to support entrepreneurship and innovation on campus.
